

Agriculture in the Classroom

Thanks to Agriculture in the Classroom Saskatchewan, students had the opportunity to visit the Food Farm to learn more where their food comes from by actively participating in hands-on, engaging, and fun activities and presentations from agriculture industry professionals. Below are pictures of Gr. 3 & 4 students from across the division participating in the Food Farm presentations.

Royal Canadian Legion

Schools across CTCS are planning for Remembrance Day celebrations. In preparation, school visits and presentations by members of the Royal Canadian Legion help students gain an appreciation for the Tradition of Remembrance and an understanding of how Veterans defended the freedoms and democracy that we enjoy today. Pictured below are students from St. Paul's School visiting the Royal Canadian Legion office.

Reading Buddies

Thanks to members of the Yorkton Maulers for visiting St. Paul's School and assisting as reading buddies.

Safety Patrol

Thank you to the students and staff who lead Safety Patrol at our schools. They assist in ensuring the safe arrival and departure of students to and from school every day. Pictured below are students from the St. Michael's Safety patrol group being recognized by the City of Yorkton and Mayor Hipsley .
