Each year, CTTCSS develops a faith theme and focus. For 2023-24, the theme of "Sharing the Journey" was selected, and builds on last school year's theme of "Walking Together". Once again, Nikita K., a student from Dreambuilders High School, created the image for the poster. Throughout the year, students and staff will refer to the theme and image to develop a richer understanding of the many ways we share our journey.

Gr. 7 students from across Christ the Teacher Catholic Schools gathered to enjoy outdoor education at York Lake. Thanks go out to all staff who organized and led events, our volunteers, and the Yorkton Canoe & Kayak Club for lending a safety boat.

School year Opening Mass & Liturgies

Christ the Teacher Catholic Schools was fortunate to have Archbishop Murray Chatlain lead the Division Opening Mass. Archbishop Chatlain also provided greetings and a keynote address to staff. During the school year, schools welcome our parish priests to lead services. We thank Father Michal, Father Basil, Father Antony, and Deacon Dave for their leadership and support. Below are some photos from the staff opening service and school year opening services.

Elementary Cross Country

CTCS students have participated in several cross country meets this Fall. Thanks to all who helped organize and run events!

Land-Based Learning

Throughout the school year, students participate in a variety of land-based learning opportunities. Pictured below are students from Dreambuilders High School participating in a Medicine Walk facilitated by Christine Deiter. Students learned about traditional plants and the ceremony around harvesting and using them.
